Principal's Message

The first school which was established in 1885, was housed in the basement of the Cumberland Presbyterian Church with students paying tuition and Professor Bass serving as principal. Then it was moved to the ground floor of the Gleason Hotel with Professor Huey as teacher and his wife Julia as the first teacher.

The first public school opened August 27, 1906 with a term of only three months during a year in the Masonic Male and Female Institute which was a two-story brick building erected in 1904 to replace the private school which had burned. In 1925 the town bought the Polk Alexander house and built on the present site. The class of 1929 was the first class to graduate in the new building.

In 1947 the old two-story building, which had been used as a gymnasium since 1932, was torn down and a new gymnasium and six elementary rooms were built. A modern cafeteria, sufficient school bus service, and an intercommunication system have also been added to the school.

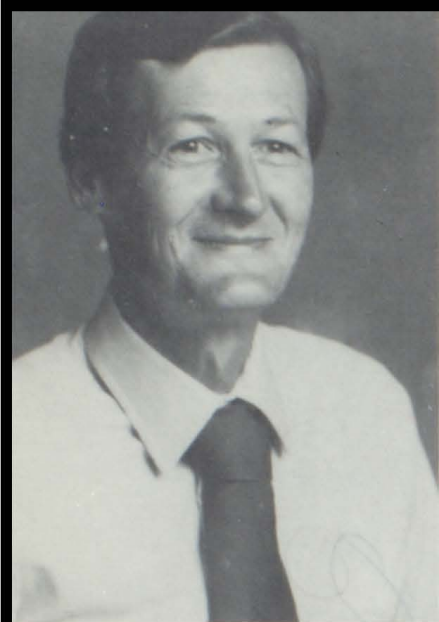

Some of the early principals were Birch Atkins, Jack Oliver, Marvin Clark, J. B. White, and W. G. Robinson. Principals since 1920 have been O. B. Holmes, Hugh Hunter, E. L. Freeman, J. B. White, T. D. Ozment, Spencer Taylor, John C. Cook, R. E. Goodgive, James H. Logan, J. E. Choate, Charles V. Butler, J. T. Moore, and Clarence Barham.

Since 1929, 1,318 students have graduated from the Gleason School. The present enrollment of the school is approximately 620.

The 1981-82 school year will probably be one of the most exciting school years in the history of Gleason School. The old two-story high school building built in 1929 will be torn down, and a new modern high school building will be built. The plans call for a new high school built out in front of the old structure and the renovation of the present elementary building and gymnasium. The Weakley County school system has gradually grown toward the top in education and consolidation; an idea Gleason people never liked is a thing of the past.

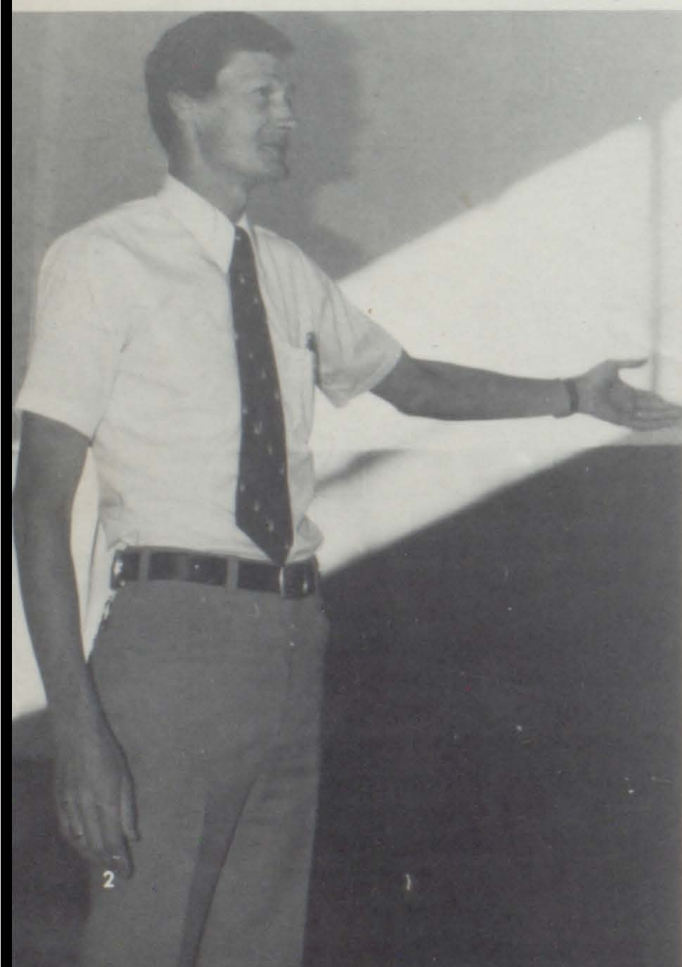

The 1981-82 year will be remembered as the year of the new school and the good football team. Our boys are having one of the best years ever in the history of Gleason School. The spirit has been higher than any time before. The attitude and cooperation of the students, faculty, and parents has been just great.

For the past fifty years Gleason School has been the heart of our town. We hope that the school will continue to carry on this tradition for the next fifty years.

Graduation

Today's the day we graduate;
 To this school we come no more.
 This our goal of the last twelve years,
 Is what we've been waiting for.
 The days were laced with fun and games,
 Along with our growing up,
 We've developed a personality —
 We've had to measure up;
 Not only on tests and with teachers —
 We had to make it with our peers.
 And now that struggle is over.
 We feel like shedding tears.
 We are going to miss our classmates,
 And the teachers constant calls.
 We are going to miss the notes and such
 We passed along the halls.
 With the diploma comes a sad thought,
 Our adolescent years are gone —
 And now we must face reality.
 Just remember us as we were,
 Tried and true,

The
 Class
 of
 82

Very soon it will be graduation day,
 And each of you will go your own separate way.
 But when you hear that man say,
 Will the class of "82" please step this way,
 Remember all the happy times — the best years
 of your life —
 If only they could last forever,
 Happy smiling always together.
 And as you look at the crowd and think of a
 memory or two,
 You'll see friends and family smiling
 proudly at you.
 Sure there will be some tears in that crowd,
 But just remember they are all so very proud.
 Step after step you slowly walk forward and smile,
 If only you could stay just a little while longer.
 So as that piece of paper is planted in your hand,
 May each and every person stand and clap their hands,
 And shed a tear for there is no better class than you.
 I think you are the greatest,
 And you deserve the best.
 I'll shed many tears and
 Remember all the years.
 I hope life is good to you and
 I hope all your dreams come true.
 I will remember you forever, and wait for the day,
 That we will walk the last mile together.
 So to the class of "82" —
 I salute you, and I will miss you, too.

This day was made for you!

Too much of a good thing is wonderful!

Let it go Free
If you love something set it free.
If it comes back to you it's yours,
if it doesn't it never was!

Donkey

I'm the guy your mother warned you about!

The hurrier I go, the behinder I get!

Don't worry, don't worry, don't forget me!

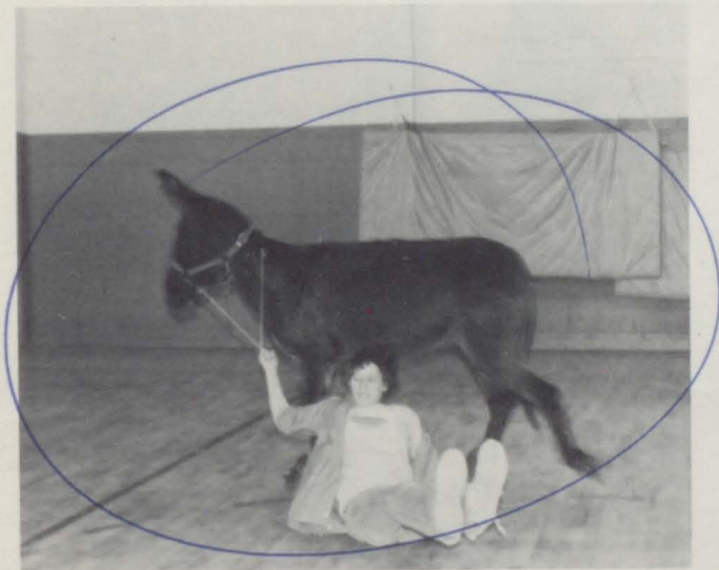

Not where we stand but where we are going!

Basketball

Those of you who think you know it all are very annoying to those of us who do!

There are two sides to every argument, but I don't have time to listen to yours!

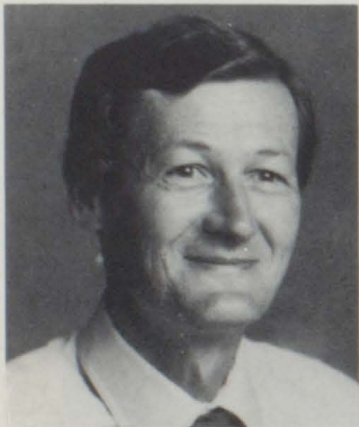

Courage is the art of being the only one who knows you are scared to death!

ENLIST NOW. WE'LL GIVE YOU A YEAR TO SAY GOODBYE.

The Navy's Delayed Entry Program offers you a lot more than just more time to say goodbye.

It could let you enlist while still finishing up your schooling, offering you as much as 6, 9, or 12 months before reporting to active duty. It can let you plan your future better, and guarantee you the technical school of your choice in four of the Navy's most critical and in-demand fields—Nuclear, Advanced Electronics, Advanced Technical and the special School Guarantee Program.

Best of all, you'll still be building seniority, even though you won't be wearing a Navy uniform. Ask your recruiter for full details.

*Womples, well what can I say this year. I guess I had better say something good some, this is it. I sure wish we had 12 more years to be together like we have had some past 12. We have sure had some good times run over Paul Stewart and his wife when we got in a crazy mood out at the tata yard. I guess the best times were the old football field. Well that and going to be a great way to know you future can always be friends like I hope you have. Best Wishes
