Dedication

Throughout the four wonderful years of high school, we, the class of '83, have many memories which we shall forever cherish. Thanks to Mr. David Reid, our high school dreams became realities. With his help, we were able to host the best prom ever and were able to put our memories into the 1983 BULLDOG GROWL. To show our appreciation for your help in sponsoring our class events, we proudly dedicate this, our yearbook, to you, Mr. Reid. You have been such a considerate, helpful, and inspiring friend to the graduating class of 1983. We hope that in this small way we have shown our appreciation to you for all you have contributed to our years at Gleason High.

OUR WARMEST THANKS!!!

CLASS OF 83!!!

Principal's Message . . .

Educators tell us that the trend in education is back to the small school that places emphasis on individual instruction. We have seen a vast migration of people from the metropolitan areas to rural areas such as Weakley County. I feel that we are fortunate to live in Gleason, a place that has community support and people who care about their school.

The spirit has been high in Gleason this year and I have noticed a positive attitude prevail among the teachers and students. The football team that reached the state play-offs has added many thrills and excitement to the school year. The whole student body has been involved in supporting the football boys as well as the community. We will always be grateful for the support of the parents and community.

The school year has been busy with moving into the new school and purchasing new equipment. It is great to be in one of the most modern school facilities in the state.

Receiving the school yearbook is always one of the high lights of the school year. I would like to thank Mr. Duffey and the annual staff for a job well done. It's nice that we have a record in words and pictures of all the fond memories of 1982-83.

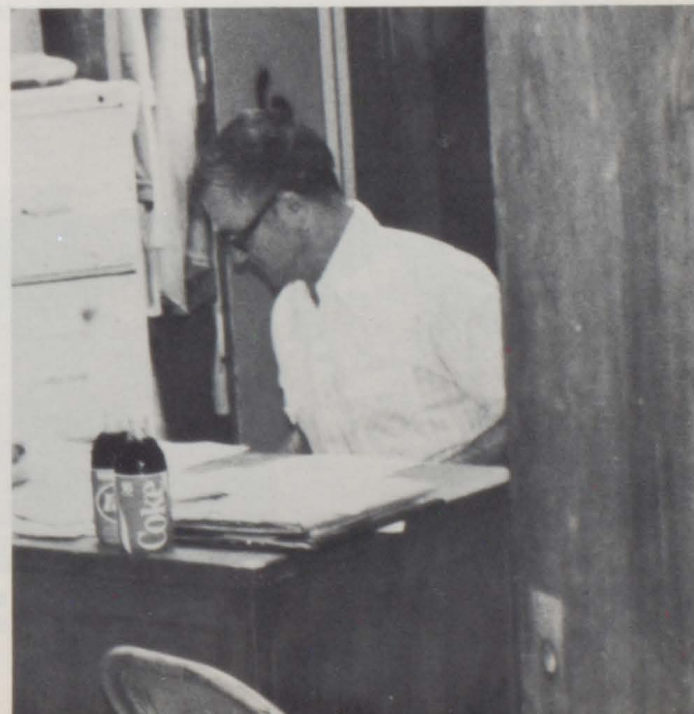

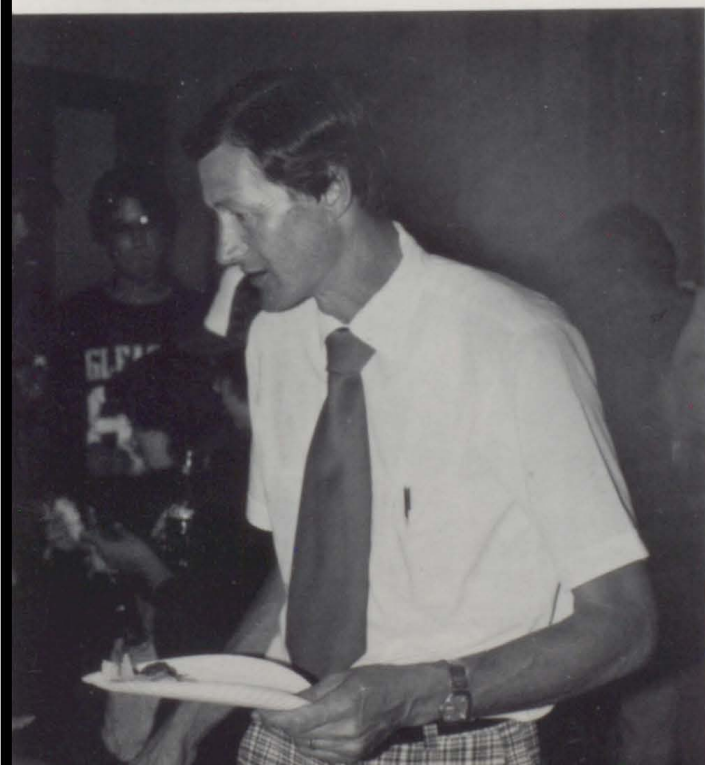

Sincerely,
Clarence Barham Jr.

Clarence Barham Jr.

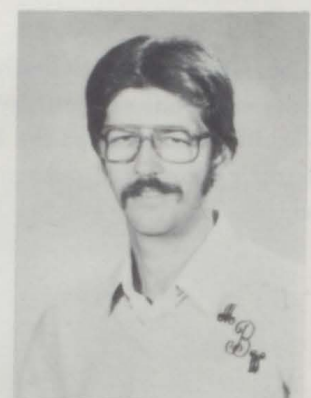

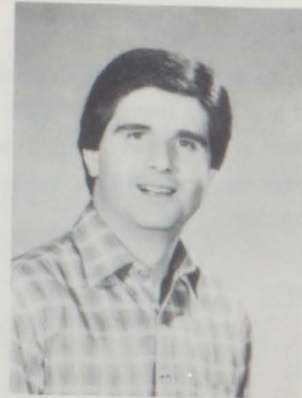

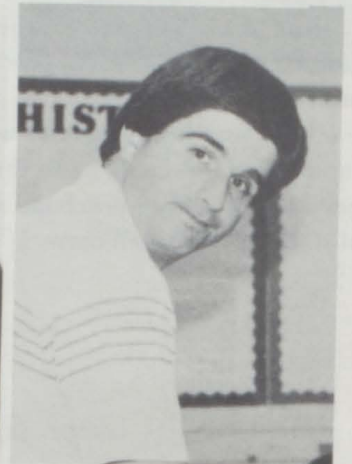

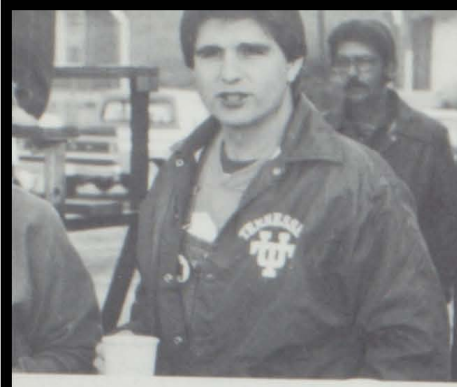

Vice Principal's Message . . .

Serving Gleason Schools for the past seven years has enriched my life in many ways. I have had the opportunity to work with some excellent elementary, junior high, and senior high teachers. Added to this I have also had the privilege of coaching and working with some of the best young people in the world. Our school system is definitely improving and with our new school, a better curriculum and more students remaining in school, I forsee a better and happier future. I challenge each student and teacher to do this and her best in making Gleason School the best place possible.

Salute to the Bulldogs*

On the battlefield
As the fight raged,
You did not yeild,
Because you were not to be caged.
Cage you they did try
But you, you would only defy.
Although you have not won,
You boys did your best,
And in our hearts your #1
To this we can attest.

Science Bowl 82

Each year some of our better students attend the University of Tennessee science bowl. Mr. Duffey said, All of these students have represented our school well; with Troy Belew, Tracy Spain, Sandy Cannon, and Julia Cross doing the best.

We would like to thank everyone who contributed their time, effort, and money into this yearbook, '83. A very special thanks to Mr. Robert Duffey for believing in us and showing us what true responsibility is.
